

# **ALJOMAIH AND SHELL** **LUBRICATING OIL** **COMPANY**

## ABOUT JOSLOC

- ▶ We are Aljomaih and Shell Lubricating Oil Company Limited (JOSLOC), a joint venture between Aljomaih Holding Company and Shell Overseas Investment B.V.

JOSLOC is responsible for blending, marketing, and distributing Shell lubricants throughout the Kingdom of Saudi Arabia. Our state-of-the-art Lube Oil Blending Plant, located in Riyadh, plays a key role in delivering world-class lubricants to the region.

- ▶ Aljomaih Holding's longstanding partnership with Shell, which began in **1956**, evolved into a joint venture with equal equity ownership in **1983**.
- ▶ JOSLOC's plant is equipped to produce world-class Shell lubricants. In addition to local blending, the company also imports specialty lubricants from Shell plants around the globe.

## ABOUT SHELL

Shell is a global group of energy and petrochemical companies, employing 103,000 people and operating in over 70 countries. Shell uses advanced technologies and takes an innovative approach to help the world build a sustainable energy future.

As a customer-focused organization, Shell serves over 1 million commercial and industrial customers and around 33 million daily customers through more than 47,000 Shell-branded retail service stations worldwide.

Powering Progress, guides us toward becoming a net-zero emissions energy business by 2050, creating value for our shareholders, customers, and society. As we move forward on this journey, we are committed to powering lives, respecting nature, and upholding honesty, integrity, and respect for people.

## **SHELL IN THE KINGDOM OF SAUDI ARABIA**

For over seven decades, Shell has made world-class investments in Saudi Arabia through its local partners, beginning with refueling the late King Abdulaziz's airplane.

Today, Shell is actively involved in the blending and marketing of lubricants through Aljomaih and Shell Lubricating Oil Company Limited (JOSLOC), which was established in 1983. JOSLOC manufactures and distributes Shell branded lubricants across Saudi Arabia.

In the mobility sector, Shell signed an agreement in 2022 with Wafi Energy Company LLC to become the sole representative of the Shell brand for fuel stations in the Kingdom. Under this agreement, Wafi Energy, a licensee of the Shell brand, will offer Shell products and services at fuel stations throughout Saudi Arabia.

Shell remains committed to being a reliable partner in Saudi Arabia, continuously striving to grow and explore new opportunities while upholding our core values of honesty, integrity, and respect for people.

# ALJOMAIH HOLDING CO.

## A PROUD HERITAGE

For approximately 90 years, we have influenced the economic narrative within the Kingdom of Saudi Arabia.

Al Jomaih started in 1936 at the time, a small trading establishment in Shaqra, Saudi Arabia. Our founders' initial focus was ensuring a first-mover advantage. One of their strategic moves was to bring the first Ford franchise (later became General Motors) into the region.

# KEY PARTNERSHIPS AND HOLDINGS

## JOSLOC HISTORY

Actual production began on October 15, 1983. The plant was officially inaugurated by His Royal Highness Prince Salman Bin Abdulaziz, the Governor of Riyadh at that time, on 16th March 1987, endorsing continuous support for national development and enhancing constructive cooperation between the two partners.

## OUR PURPOSE

Powering progress together through sustainable and innovative solutions while respecting nature and creating value for customers, shareholders and communities we serve.

## OUR VISION

To be the first choice for our customers, shareholders, people, and business partners.

## OUR MISSION

Offering top quality products served by world class local professionals living with our values.

## OUR VALUES

At JOSLOC, we share a set of core values – **Honesty, Integrity** and **Respect** for people – which underpin all the work we do. Our General Business Principles, Code of Conduct and Ethics and Compliance help everyone at Shell to act in line with these values and comply with relevant laws and regulations.

### Honesty

Staff and business partners are encouraged to speak up and celebrate those who do the right thing.

### Integrity

By committing to our policies and rules, we empower our staff and business partners to make the right decisions.

### Respect

Our people have the opportunity to progress irrespective of gender, ethnicity, or other differences.

# CHAIRMAN MESSAGE

“ I am honored to reflect on the enduring success of our joint venture with Shell, known as Aljomaih and Shell Lubricating Oil Company. This partnership, which seamlessly integrates the global expertise and technological leadership of Shell with the profound local knowledge and business acumen of Al Jomaih Holding Company, stands as a testament to our shared commitment to excellence, innovation, and sustainability.

Over the last 42 years, our strategic joint venture has not only solidified our position in the lubricants market but has also contributed to the growth and diversification of Saudi Arabia's economy.

Our collaboration continues to set new benchmarks in quality and performance, propelling our vision of delivering world-class lubricants and services to our customers across the Kingdom “

**Sheikh Ibrahim Aljomaih**  
Chairman

# CEO MESSAGE

At Aljomaih and Shell Lubricating Oil Company (JOSLOC), we take pride in our heritage of quality and excellence.

Our joint venture with AlJomaih Holding and Shell Overseas Investment B.V. is a testament of longstanding partnership, trust and commitment to delivering high-performance products and industry-leading solutions to power the progress and meeting the needs of our customers across the Kingdom of Saudi Arabia. This relationship dates back to 1956, when Aljomaih was appointed as a Shell agent importing Shell products in Saudi Arabia.

In 1983, this relationship transformed into a joint venture, which has since seen generations of product and customer-centric innovations.

In Saudi Arabia, we are driven by deep understanding of the local market's needs and challenges.

Our dedicated team works tirelessly to ensure that our products and services meet the highest standards of reliability and efficiency, contributing to the success of our customers' operations.

Our advanced lubricants technology, backed by rigorous R&D utilizing Shell's R&D global centers, help to enhance the performance and longevity of the engines, ultimately reducing downtime and operational costs; bringing to the motorist and industrial customer and business partners the latest innovations for their everyday application and use.

Sustainability is at the core of our business strategy. We are committed to reducing our environmental impact through innovative products that promote energy efficiency and help lower carbon emissions.

Our efforts align with the Vision 2030, aiming to create a more sustainable and diversified economy.

## State of the art production facility, strategically located in Riyadh having a robust supply network to supply across the Kingdom

More than 98% of the portfolio is produced locally.  
The company is ISO certified and holds the following certifications

ISO 45001-2018

ISO 14001-2015

ISO 9001-2015

Our robust global and local  
value chain has enabled us to  
produce world-leading lubricants  
to command **No.1** international  
Lubricants player in Saudi Arabia

# OUR COMMITMENT TO SAFETY, HEALTH AND ENVIRONMENT

## Goal Zero

- Powering Progress is underpinned by our core values of honesty, integrity, and respect for people, and our focus on safety. Safety is central to our Powering Progress strategy. We aim to ensure no harm to people and achieve zero leaks across our operations. We call this our **Goal Zero** objective.

- Everyone working for Shell strives to achieve **Goal Zero** each day. We seek to improve safety by focusing on the three areas where the safety risks associated with our activities are at their highest personal, process and transport.

Awarded for best HSE (Health, Safety & Environmental) compliance among MODON Plants.

# LIFE-SAVING RULES

At JOSLOC, we care about the health and safety of all our employees and contractors. The Life-Saving Rules exist to do exactly what they say: **save lives!**

# OUR COMMITMENT TO SUSTAINABILITY AND SAUDI VISION 2030

- ▶ Our purpose is to power progress together through sustainable and innovative solutions while respecting nature and creating value for customers, shareholders, and communities we serve.
- ▶ Our firm commitment to environmental conservation and sustainability is manifested through our processes in the value chain and the initiatives we take with our industrial customers.

**01**

More than **50%** of the energy requirements for our plant are met through state-of-the-art solar panels.

**02**

Through our cutting-edge technology, products and services we have helped our industrial customers in mining, construction, and fleets to reduce the total cost of operations, drive efficiency, extend the life of lubricants eventually helping customers reduce **CO2 footprint** in our operations.

**03**

We are electrifying our fleet in our production facility, starting with fully electric forklift trucks to reduce carbon emissions from our operations.

**04**

We pledge to work with industrial partners, government, and local bodies to collaborate on initiatives that contribute to the circular carbon economy and reduce waste in line with Vision 2030 and the Saudi Green Initiative.

**05**

We have implemented zero waste policy across our production processes and aiming to convert steam boilers to hybrid combustion focusing on increased gas usage to reduce carbon footprint from operations.

# JOSLOC'S VIBRANT TEAM

At JOSLOC, we pride ourselves on a vibrant, inclusive team that highlights Saudi talent and promotes gender diversity.

Our dynamic workforce, comprising various nationalities, fosters collaboration and innovation.

This supportive environment ensures that all employees feel valued, aligning with Shell's global commitment to diversity and excellence.

# OUR BUSINESS

Aljomaih and Shell Lubricating Oil Company (JOSLOC), headquartered in Riyadh, offers a comprehensive, "locally produced product portfolio" throughout Saudi Arabia, serving **B2B**, **B2C**, and **OEM** markets with top-tier products and services, in addition to supporting customers through **Shell Service Centers** and **E-commerce**.

# INDUSTRIAL SECTORS WE SERVE

## CONSTRUCTION

Shell Lubricants supports the construction industry by providing expert advice on oils and lubrication strategies, helping to lower maintenance costs, reduce downtime, and increase productivity.

## FLEET

Shell Lubricants helps fleet businesses by reducing maintenance, extending engine life, and increasing vehicle availability to lower the total cost of ownership.

## MINING

Shell Lubricants enhances mining productivity by providing world-class oils and greases that extend equipment life, minimize downtime, improve reliability, and increase efficiency.

## PETROCHEMICALS

Shell Lubricants supports the petrochemical industry by providing world-class oils and greases that extend equipment life, improve reliability, and increase efficiency, ensuring peak performance to meet rising global demand.

## AGRICULTURE

Shell Lubricants enhances agricultural productivity by improving equipment reliability and availability through smarter lubrication solutions, extended oil drain intervals, and lowered total cost of ownership.

## STEEL

Shell Lubricants supports the steel industry by enhancing equipment protection, improving energy efficiency, and reducing maintenance costs, helping businesses operate under high-temperature, high-load, and wet conditions.

# INDUSTRIAL SECTORS WE SERVE

## POWER

Shell Lubricants supports the power sector by enhancing lubricant management, selecting the right products, and providing expert guidance to improve productivity, reliability, and adherence to environmental targets.

## CEMENT

Shell Lubricants supports the cement industry by providing integrated lubricant solutions and customized services to ensure efficient, uninterrupted production and competitive advantage.

## OIL & GAS

Shell Lubricants enhances oil and gas operations by improving energy efficiency, cutting maintenance costs, and protecting equipment to minimize downtime and extend operational life.

## MARINE

Shell Lubricants supports the marine industry with innovative products and over 100 years of expertise, ensuring high standards to meet OEM requirements and maintain asset integrity.

## AUTOMOTIVE

We take pride in our partnerships and through technology leadership we develop products and services that meet the evolving technology requirements and specification of leading automotive players and original equipment manufacturers globally, regionally, and locally.

# CUSTOMERS WE SERVE

**SHELL TECHNICAL SERVICES**  
**SHELL LUBRICANTS**  
**TECHNOLOGY LEADERSHIP**

# B2B INDUSTRIAL TECHNICAL SERVICES

Our Services are designed to suit your diverse needs and lower your **"Total Cost of Lubrication"**. We are also pleased to offer you the following services as part of our value proposition:

Shell  
LubeAdvisor

Services included advance with respect to product recommendations, lubricants storage and handling advice, troubleshooting, technical advice, best practice sharing . The LubeAdvisor will be available to you, where and whenever required.

Shell  
LubeCoach

Provides technical, product and application related training delivered through our lubricants technical advisor (LTA) or global product application specialists (PAS). we conduct lube coach sessions especially for machinery lubrication with on ground staff, when needed.

Shell  
lubeAnalyst

Is our global oil and equipment condition monitoring service which includes a comprehensive range of tests . It is an online lube oil testing and reporting service where oil analysis reports and past trends are readily available for your view and examination.

Shell  
lube video check

Our equipment condition monitoring service includes video inspection of the internal parts of equipment in areas that are inaccessible by other means. This service helps recognize defects and imperfections, supporting you in troubleshooting without the need to dismantle the equipment.

Shell  
lubeExpert

Designed to help mining customers reduce costs and improve productivity through better lubrication management.

# OUR CUSTOMER CENTRIC APPROACH

- For one of the major construction companies managed to achieve savings of \$50K+ by reducing lubricant consumption by more than 20,000 liters, resulting in an annual reduction of 50+ tons (T) of CO2 emissions.
- Shell Value Improvement Projects & LubeExpert services delivered US\$ 1.7 million+ with 30+ tons (T) of avoided CO2 emissions for one of the largest companies in the mining sector.
- One of our key customers in the transport sector, we saved close to \$100K+ annually while avoiding 600 tons (T) of CO2 emissions" after switching to the carbon compensation product Shell Rimula R6 M 10W 40.
- One of the major agriculture companies managed to achieve savings of \$55K+ by reducing lubricant consumption by 20,000 liters, resulting in an annual reduction of 57 tons (T) of CO2 emissions.

**Shell LubeRoom** has played a pivotal role in assisting **one of our key customers in the mining sector**, to enhance their lubrication practices and contamination control, resulting in substantial cost savings of around **\$4.5 million+** with a significant CO2 reduction.

## **JOSLOC's Strong Focus on Original Equipment Manufacturers (OEMs) Growth**

Year-on-year, Shell KSA has shown resilience in growing its OEM business exponentially.

Leveraging both global agreements and local relationships, JOSLOC has been able to secure partnerships with multitude of global OEMs.

These wins have ranged from standard lubricants supply partnerships to blending and production of Co-branded lubricants and genuine oils

## OEM GROWTH JOURNEY FOR THE DECADE

# TECHNOLOGY LEADERSHIP

## Innovation in motorsport

Shell is proud to partner with some of the top motorsport teams in the world's most competitive championship series. From Innovation Partner to Scuderia Ferrari, Technical Partner to Ducati Corse in MotoGP and BMW in Motorsport, and Co-Title Sponsor for the Hyundai Shell Mobis World Rally Team, our access to racing is second to none. This portfolio was further enhanced in 2019, with Shell partnering with Nissan in the world's fastest developing motorsport, Formula E.

Our partnerships are the ultimate test bed for our products, challenging them to perform some of the most extreme conditions and ensuring that our customers receive the very best.

# FERRARI

Shell's Innovation Partnership with Scuderia Ferrari is one of motorsport's longest and most successful collaborations.

This partnership has a rich history, providing insights into the pit lane and demonstrating how the extreme conditions of Formula 1™ contribute to the development of products for consumer cars.

Additionally, Shell is actively contributing to the decarbonization of the motorsport's, both on and off the track.

# BMW

With BMW Motorsport racing in DTM, Shell's products and technologies are rigorously tested in one of the most challenging race disciplines.

Shell's scientists focus on delivering enduring engine performance, as it is crucial in a sport where seconds matter.

BMW Motorsport engineers collaborate with Shell's scientists to develop high-performance oils for their race cars.

Shell's premium lubricants are designed to enhance performance, with Shell Helix Ultra race lubricant reflecting Shell or BMW dedication to minimizing friction and wear for elite performance.

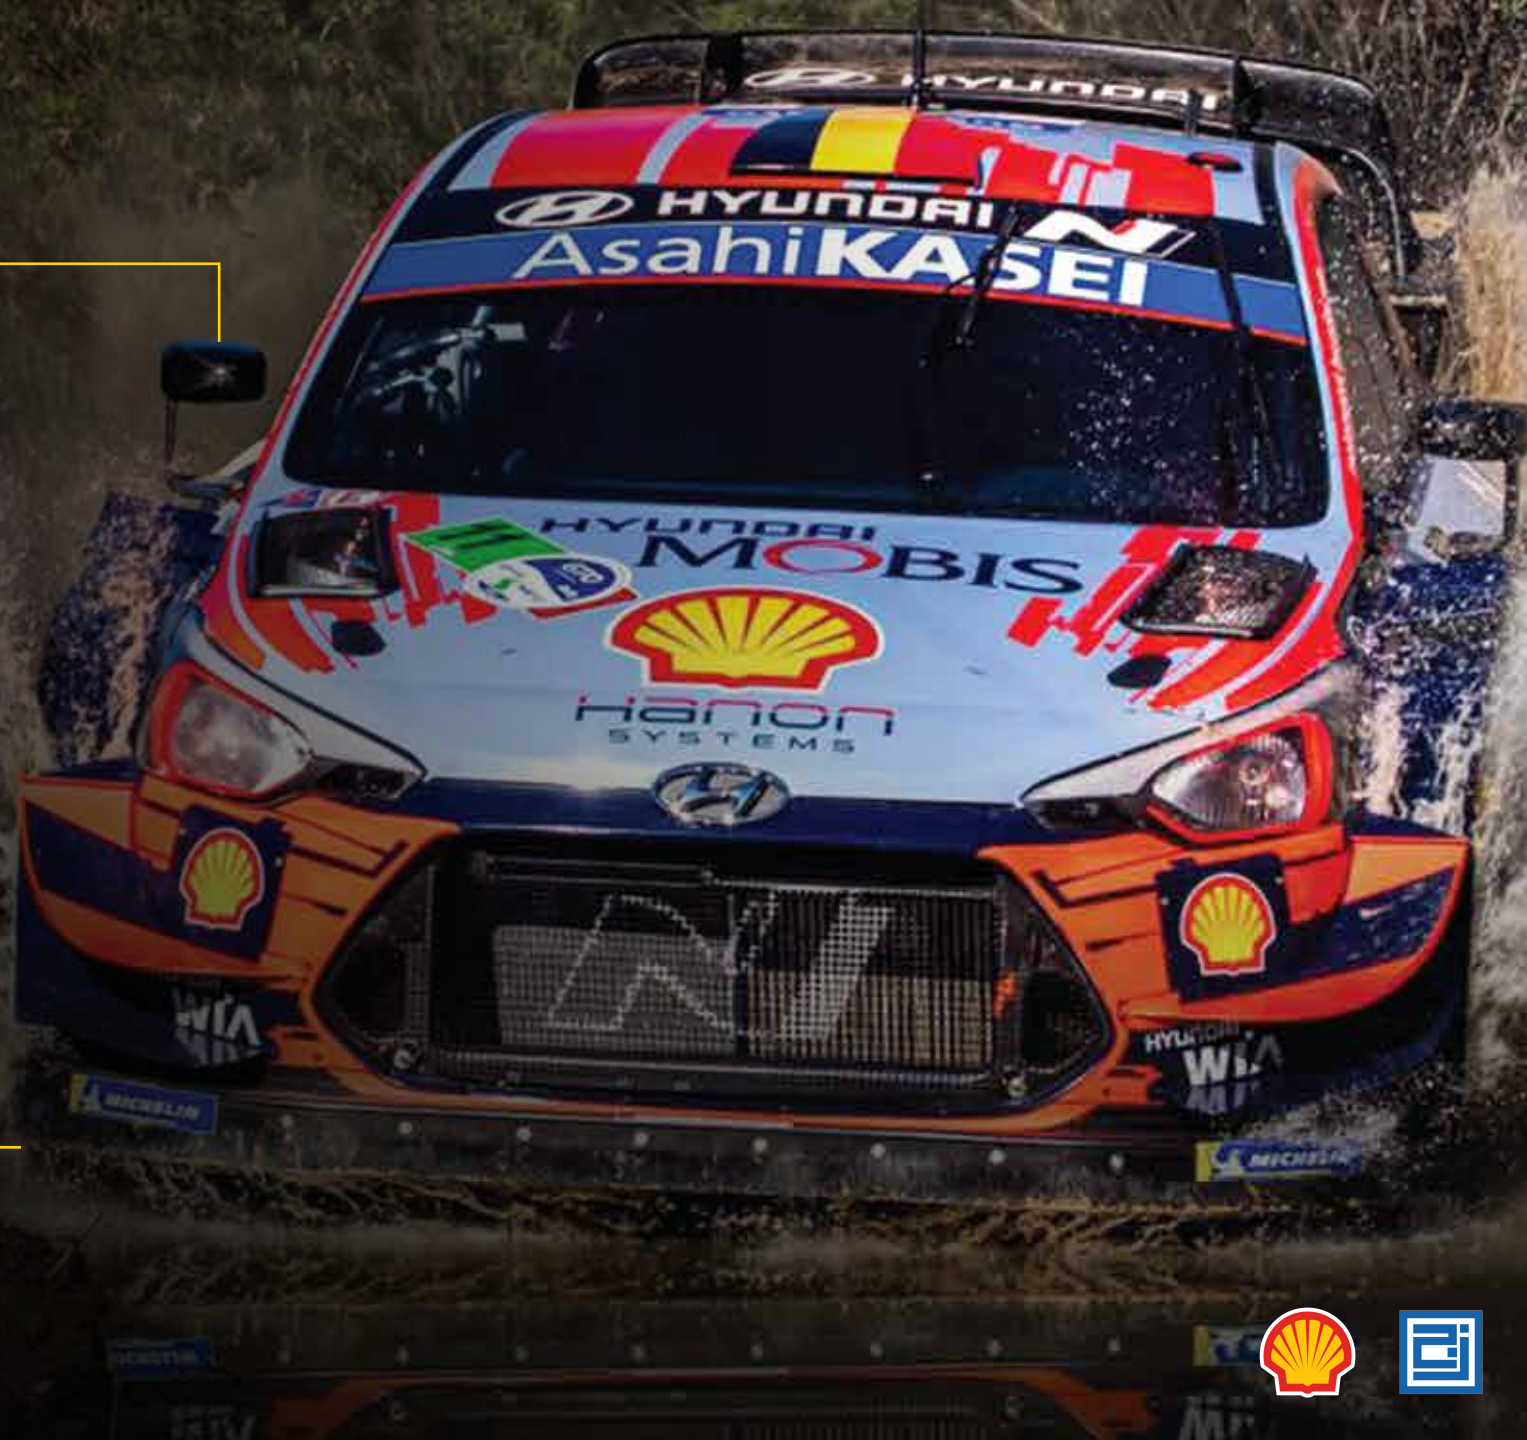

# HYUNDAI

Shell continues its successful partnership with Hyundai Motorsport in the FIA World Rally Championship (WRC) as the defending Manufacturers' Champion.

This technical partnership reached new heights with Shell and Hyundai Motorsport working together to co-engineer and secure the Manufacturers' Championship in 2019.

The WRC demands top lubricant performance in all conditions, a challenge Shell's engineers meet consistently.

Thanks to Shell Helix Ultra, Hyundai Motorsport enjoys total engine reliability without experiencing wear issues.

# **SHELL** **SERVICE CENTER**

Through Shell Service Center, JOSLOC aims to be the leading platform to offer flagship sites in the Kingdom and will serve as an industry benchmark in terms of brand visibility, customer experience, quality and integrated vehicle quick service concepts.

# OUR PARTNERS

In addition to having our own operated sites, we are partnering with leading industry players to grow our market footprint to provide exceptional services to our customers across the Kingdom.

## Al Jomaih Automotive

- Is leading the mobility sector, providing service quality through its multiple achievements and strategic initiatives, AlJomaih Automotive has established itself as a leading partner in the regional automotive sector.

## Quick Lead

- Is a premier quick service network delivering comprehensive automotive care specializing in multi-care solutions for cars, Quick Lead ensures unparalleled service quality, keeping vehicles in top condition across the Kingdom.

## Wallan Trading Company

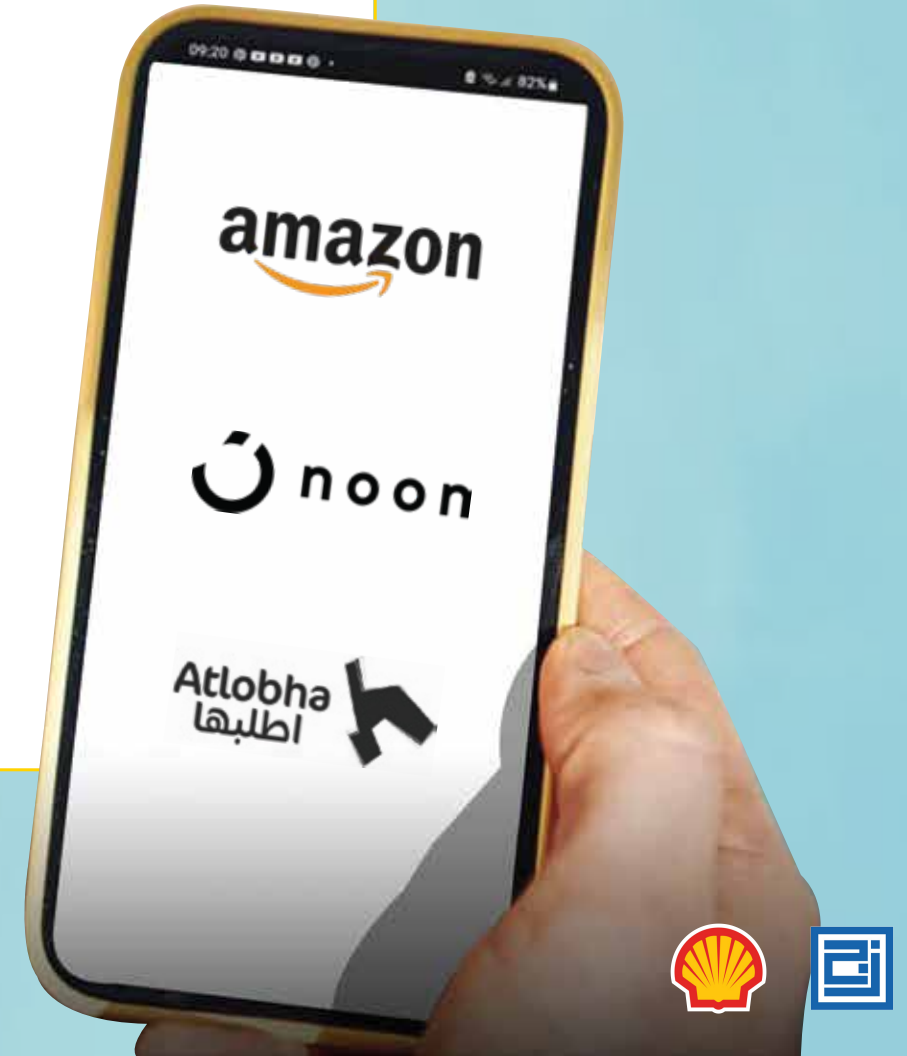

- Is an authorized distributor of various Original Equipment Manufacturers (OEMs) in the Kingdom, with an extensive sales & support network for their customers, pioneering a new concept in car maintenance in the local market through quick service centers.

# E-commerce

Aljomaih and Shell Lubricating Oil company limited (JOSLOC) has transformed its business by embracing E-commerce, offering genuine parts and premium E-commerce online through platforms like Noon, Amazon, and Atlobha products.

This digital shift aligns with Vision 2030 by enhancing accessibility, supporting local production, and promoting sustainability. Shell's online presence ensures that top-tier solutions are just a click away, driving growth and innovation in Saudi Arabia's automotive care industry.

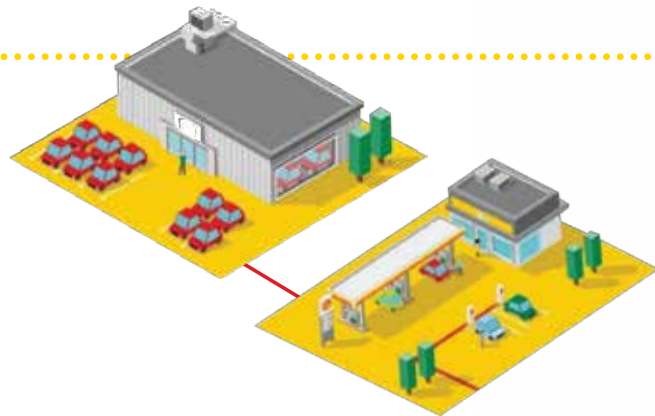

## B2C

- ▶ Shell understands the passion for driving, whether it's for the sound, night driving performance, or companionship.
- ▶ Recognizing the diverse reasons people drive, Shell Engine Oils are crafted for ultimate engine performance, ensuring drivers maintain their enthusiasm and continue to Drive On.

## B2C ROUTE TO MARKET

The B2C sales channel for JOSLOC is focused on delivering high-quality, premium lubricants directly to consumers.

Through our direct sales teams enabled by oil change shops, spare part shops, resellers, and wholesalers, we reach a wide range of consumers.

Our route-to-market strategy provides us with a strategic advantage, allowing us to cover all regions in Saudi Arabia through our direct sales network.

Sales team of  
**85**  
Direct sales representatives and drivers.

**36** Delivery Vehicles

We directly operate a fleet of

**27** Distribution Centers

**7000+** Shops

We ensure that we deliver a high-quality, top-of-the-line product range to all consumers across Saudi Arabia.

# CUSTOMER FOUCS

JOSLOC exists to serve customers by providing high-quality products and services. It is crucial to understand customer needs and honor commitments.

Customers are at the heart of every action, reflecting a Customer-First mindset as ONE JOSLOC, whether interactions are direct or indirect.

JOSLOC aims to be the brand of choice by creating exceptional customer experiences and continuously improving customer care every day.

A photograph of two industrial workers in a warehouse. The worker on the right is wearing a white hard hat, safety glasses, a light-colored long-sleeved shirt, a high-visibility yellow safety vest with reflective stripes, and black gloves. He is pointing with his right hand towards a stack of drums. The worker on the left is seen from the back, wearing a white hard hat and a red long-sleeved shirt. They are surrounded by numerous large industrial drums, which are red with yellow bands featuring the Shell logo. The drums are stacked on wooden pallets.
